Vasa Park Pool Sidewalk Personalized Paving Stone Order Form

Vasa Park is offering the opportunity to purchase a personalized paving stone program. Paving stones will be utilized to replace the existing concrete walkways around the pool. This is a great opportunity to honor your family, friends or loved ones with a permanent inscribed stone.

In addition to looking better, the paving stones are more durable and give access to the underground plumbing for the pool without needing major demolition and re-pouring of concrete.

The cost of each stone is \$75 which includes engraving. Each paving stone is 6 inches by 9 inches. The cost includes up to three lines of engraving with a maximum of thirteen characters per line. Spaces between words count as a character. Please complete the information below and use the grid to layout your stone's engraving. Return the form with a check for \$75 to NJVH RD#1 Wolfe Road, Hackettstown, NJ 07840. Please make checks payable to NJVH.

Example: NJ Vasa Park = 12

Pool Sidewalk = 13 Paving Stone = 12
